

**Connect with other rural development leaders. Sign up for a **Thriverr Solo** subscription today.**

Thriverr is designed to increase the capacity and confidence of rural community and economic development leaders who are passionate about their thriving rural communities.

We created the Thriverr Solo membership level as an entry point into our Thriverr Network.

**A **Thriverr Solo** subscription gives you access to...**

**Thriverr Live**

These 1-hour virtual events bring rural leaders together to connect, learn, and collaborate. We typically invite a guest expert to help deepen the conversation about a topic of importance to the future of rural communities.

**Thriverr Platform**

Our custom built technology platform is designed with connection in mind. It features a comprehensive resource library, peer-to-peer discussion board, event calendar, and private Spaces for deeper learning or collaborative projects.

**Learning Opportunities**

Solo members have access to Thriverr Learn and Gatherings at a discounted price.

*Thriverr Learn* activities bring Thriverrers together virtually in cohorts, courses, and group coaching where they learn from and with other rural leaders.

*Thriverr Gatherings* bring Thriverrers together in-person to deepen connections and accelerate learning around a single topic.

**Thriverr Culture**

As a Thriverr, you'll find like-minded individuals who believe both community and economic development are needed for a thriving rural community. Thriverrers support and celebrate each other, they connect and share their expertise, and they care deeply about the future of their rural community.

**Annual subscription starts at \$399**

**Ready to join?**

It only takes a few minutes to sign up. Unlock your learning and connections today at [thriverr.net/solo](http://thriverr.net/solo).
