1 in 5 of us live in a news desert... ...many more are at risk

Half of us find out what's going on in our communities on social media

But 50% of us have left social media because of how bad it is.

Spring 2018

I just realized how toxic Facebook really is and that I'm way happier without it

So, I quit Facebook a couple years ago, just deleted the app and began using it only to keep in touch with my friends over text. I found it to be very toxic and whenever I used it I felt drained emotionally from all the drama and the bullshit of the people there. It was truly a good decision with no downsides whatsoever, but up until now didn't really realise it.

Dads square off for seat on Cheney School Board

Oct 4, 2025 · Updated Oct 4, 2025 at 9:07 p.m.

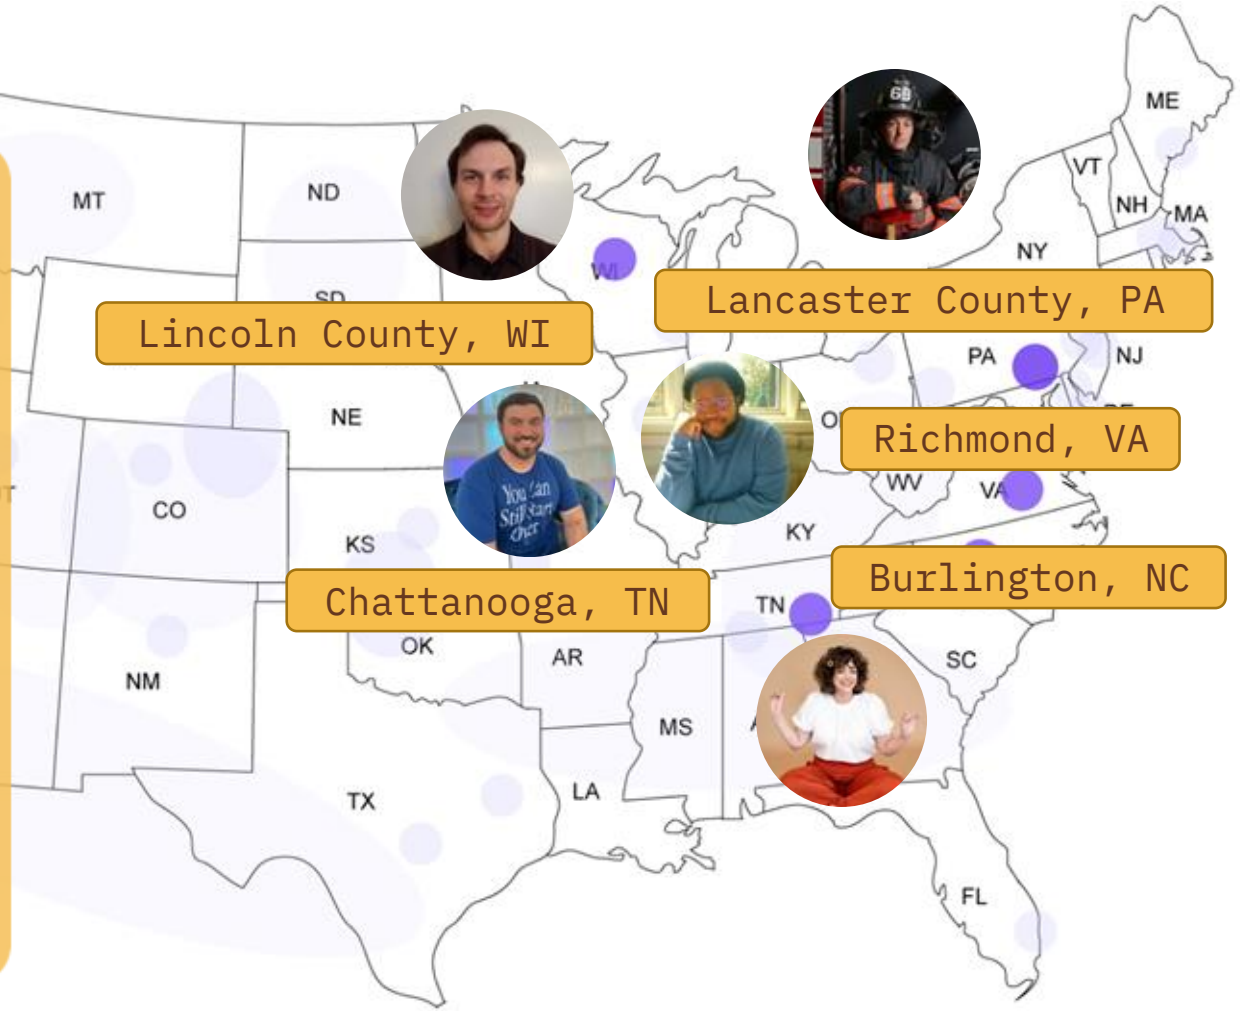

Two men are shown in a video frame, smiling and looking towards the camera. The man on the left has short grey hair and glasses, wearing a dark shirt. The man on the right has a beard and is wearing a blue blazer over a light-colored shirt. They appear to be in a wooden setting, possibly a school board meeting.

This mayor sucks

I hate the mayor. His family are all jerks and they're stealing from the city.

Water Bond Issues

I strongly disagree with the mayor's take on the water bond. As a community, we need to take a hard look at the proposed changes.
